RE: Notice of Inaccurate and Non-Metro 2 Compliant Reporting –
Demand for Investigation and Deletion
Tradeline: ABC BANK, N.A. – Acct #****6789

To Whom It May Concern:

This is a formal dispute under the Fair Credit Reporting Act, 15 U.S.C. § 1681 et seq. I have reviewed the above tradeline and find that it is NOT being reported in compliance with the Metro 2 Format as required by the Credit Reporting Resource Guide (CRRG) published by the Consumer Data Industry Association. Reporting that fails to conform to Metro 2 standards is, by definition, inaccurate and incomplete and must be deleted.

Pursuant to § 1681i, I demand that you verify that EACH of the following data fields is being reported completely and accurately in accordance with the CRRG. If any single field is inaccurate, incomplete, or cannot be verified as fully Metro 2 compliant, the ENTIRE tradeline must be deleted:

- Date of First Delinquency (Field 25) – must reflect the original delinquency and must not be re-aged
- Account Status (Field 17A) – must accurately reflect current condition
- Payment Rating – must be consistent with Account Status
- Current Balance / Amount Past Due – must reconcile to each other
- Date Opened / Date Closed / Date of Last Payment / Date of Account Information – must be internally consistent
- Compliance Condition Code (Field 20) – must reflect dispute status
- Special Comment Code and ECOA Code – must be valid per the CRRG

I further demand your METHOD OF VERIFICATION. Provide the name and position of the individual who verified this account, the date of verification, the specific procedure used, and whether an ACDV was transmitted to the furnisher and the furnisher's exact response.

I assert that these fields contain inconsistencies rendering the tradeline inaccurate under the Metro 2 standard – including a reported balance on a charged-off account and a Date of First Delinquency that is not consistent across all three bureaus. Conflicting or unverifiable data is grounds for deletion under § 1681i(a)(5)(A).

You have 30 days from receipt to complete your reinvestigation. If you cannot verify every disputed field as fully Metro 2 compliant, you must delete the tradeline in its entirety and send an updated copy of my credit file. Failure to comply will be treated as willful noncompliance under § 1681n, and I reserve the right to file complaints with the CFPB and my State Attorney General and to pursue all available legal remedies.

Sincerely,

Jordan A. Mehta
